SciPris author journey

Requesting open access funding

June 2026

ioppublishing.org

IOP Publishing

The SciPris library workflow – with validation

Author submits article	Author submits a manuscript to an eligible journal and chooses open access.
Article accepted for publication	On acceptance, SciPris verifies funding eligibility and invites the corresponding author to confirm they wish to be funded.
Author requests funding	Corresponding author completes a funding request in SciPris.
Librarian responds to funding request	SciPris notifies Library and requests a funding decision. Libraries have 5 working days to respond.
Author and librarian receive confirmation of funding	SciPris sends confirmation of funding to the author and Library. The Library dashboard is updated.
Article is published open access	The article is published OA under the agreement.

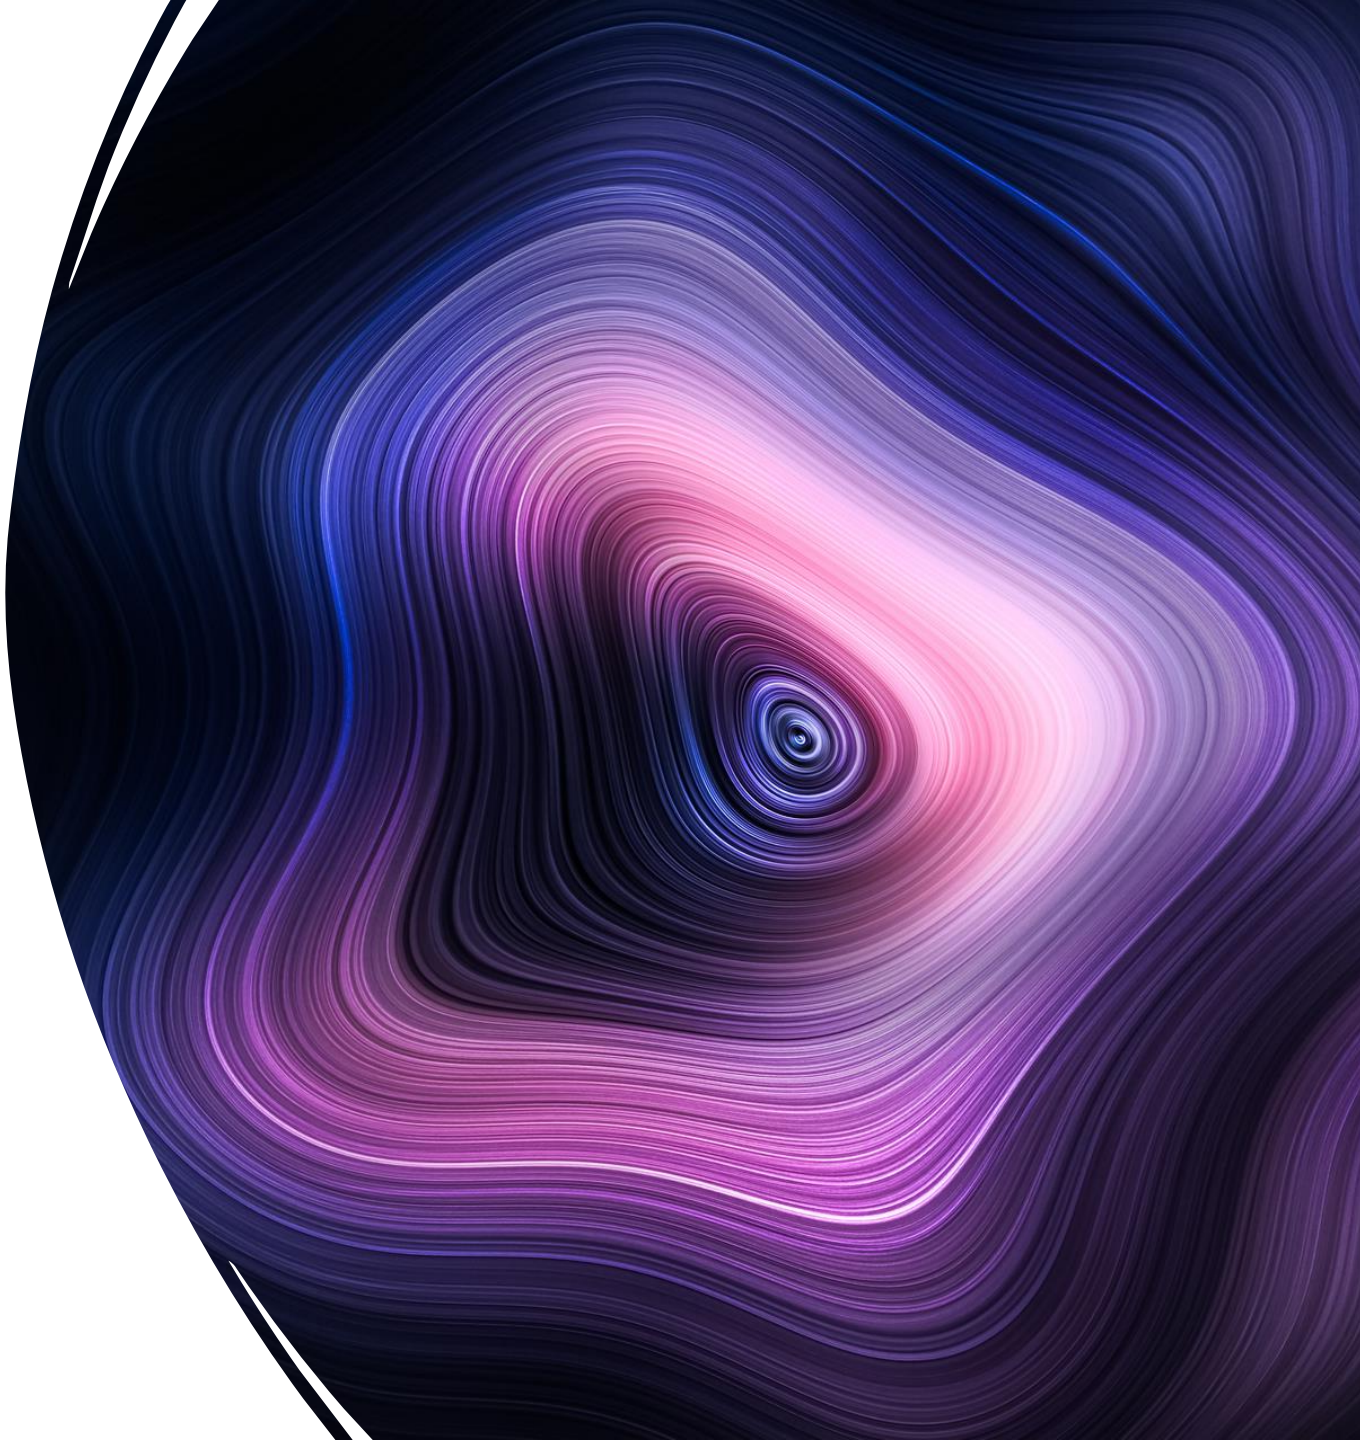

IOP Publishing

Author journey

Step 1 - post acceptance

SciPris

IOP Publishing

Dear

Congratulations on the acceptance of your article:

- Article:
- Article
- DOI:
- Journal:

has an open access agreement with IOP Publishing for which your article is eligible. To request that your institution funds your article publication charge please follow the "Select Payer" link to complete the process on IOPP SciPris within 14 days.

Select payer

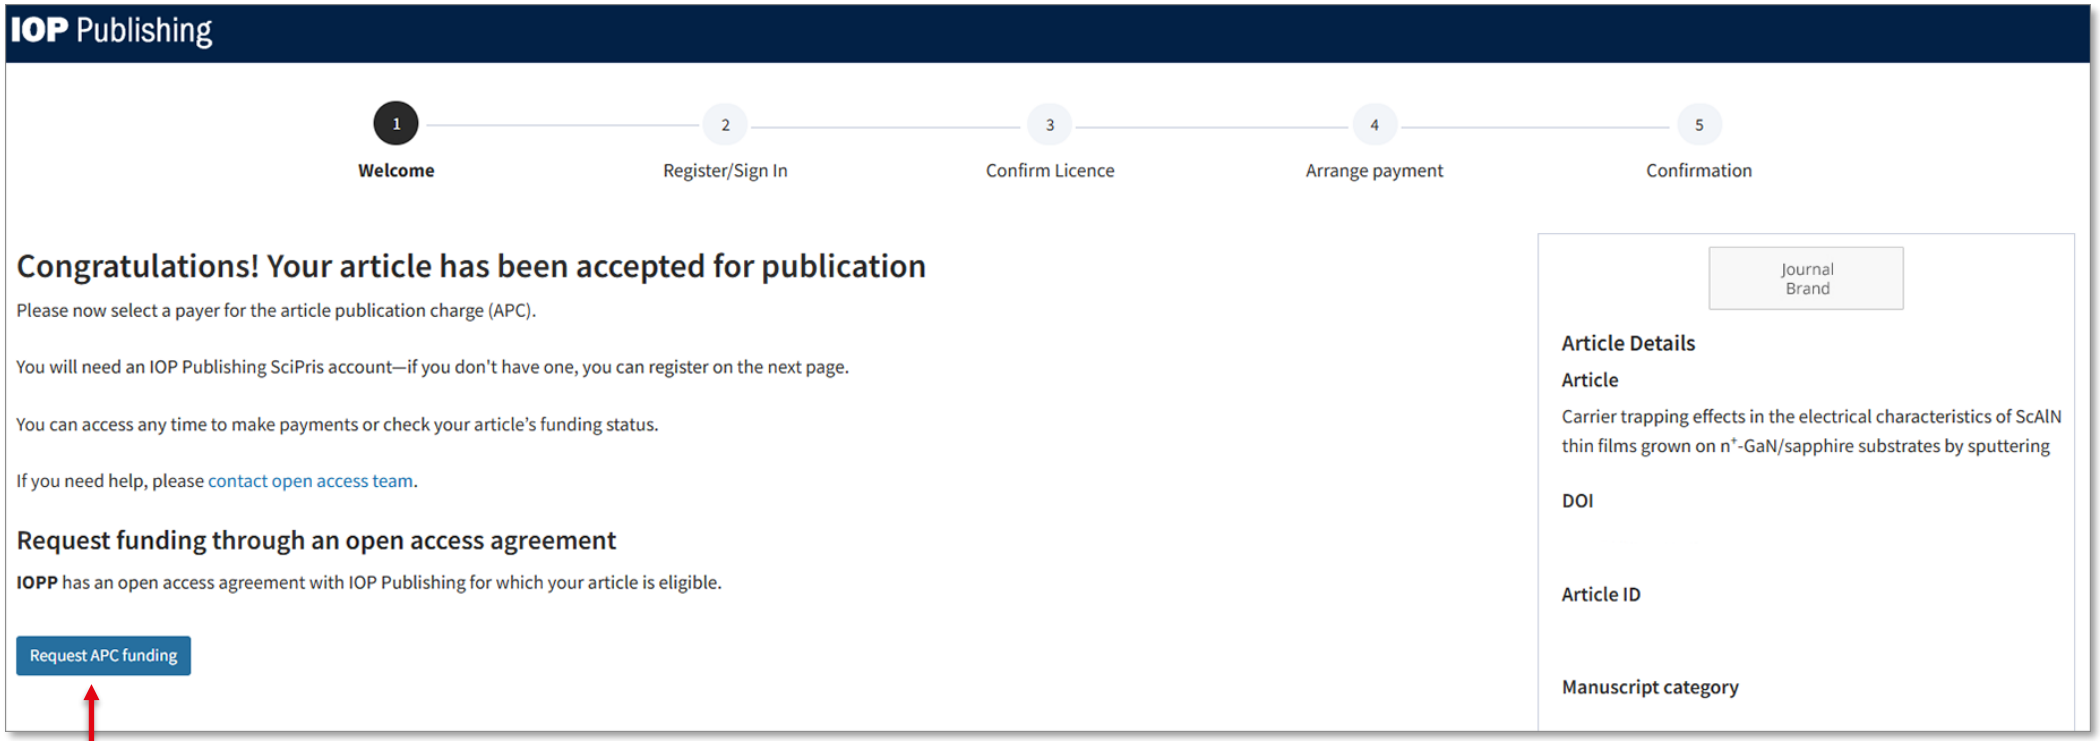

If you do not have a SciPris account, follow the simple on-screen registration to confirm your funding.

If you need further assistance, please contact the open access team.

Thank you,
IOP Publishing

The author receives this email to begin the process. They will click the '**Select payer**' button to proceed.

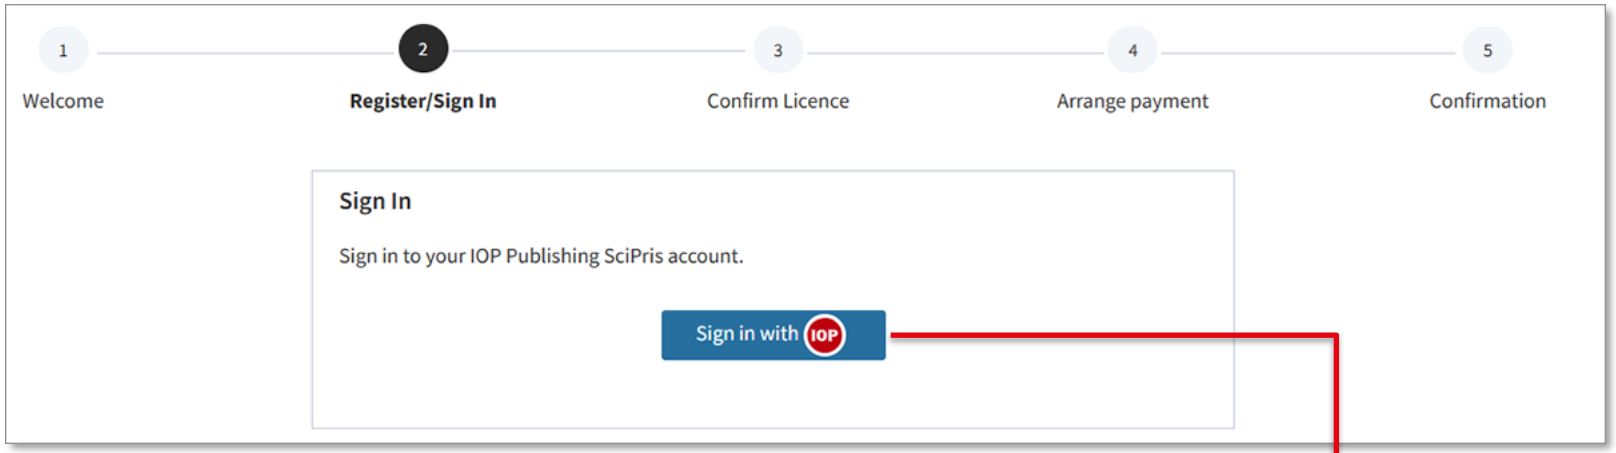

Step 2 – SciPris welcome page

The link will take them to the SciPris welcome page. They'll click '**Request APC funding**'

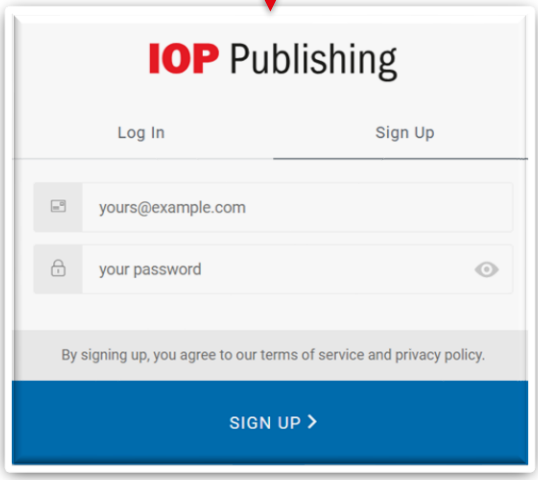

IOP Publishing

Step 3 – account creation

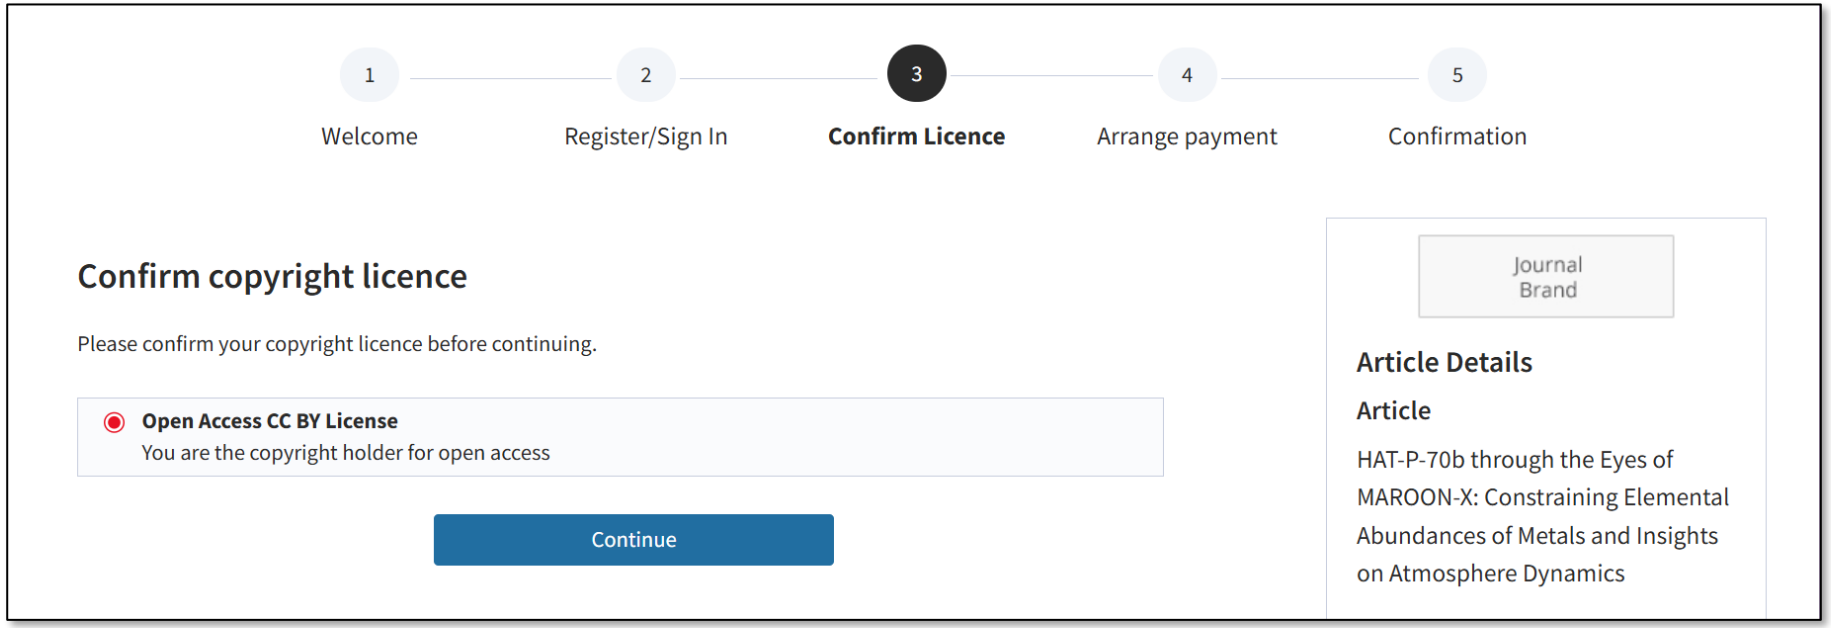

Author signs in to SciPris.

If they do not have a SciPris account they will create one in the IOPP Identity Hub.

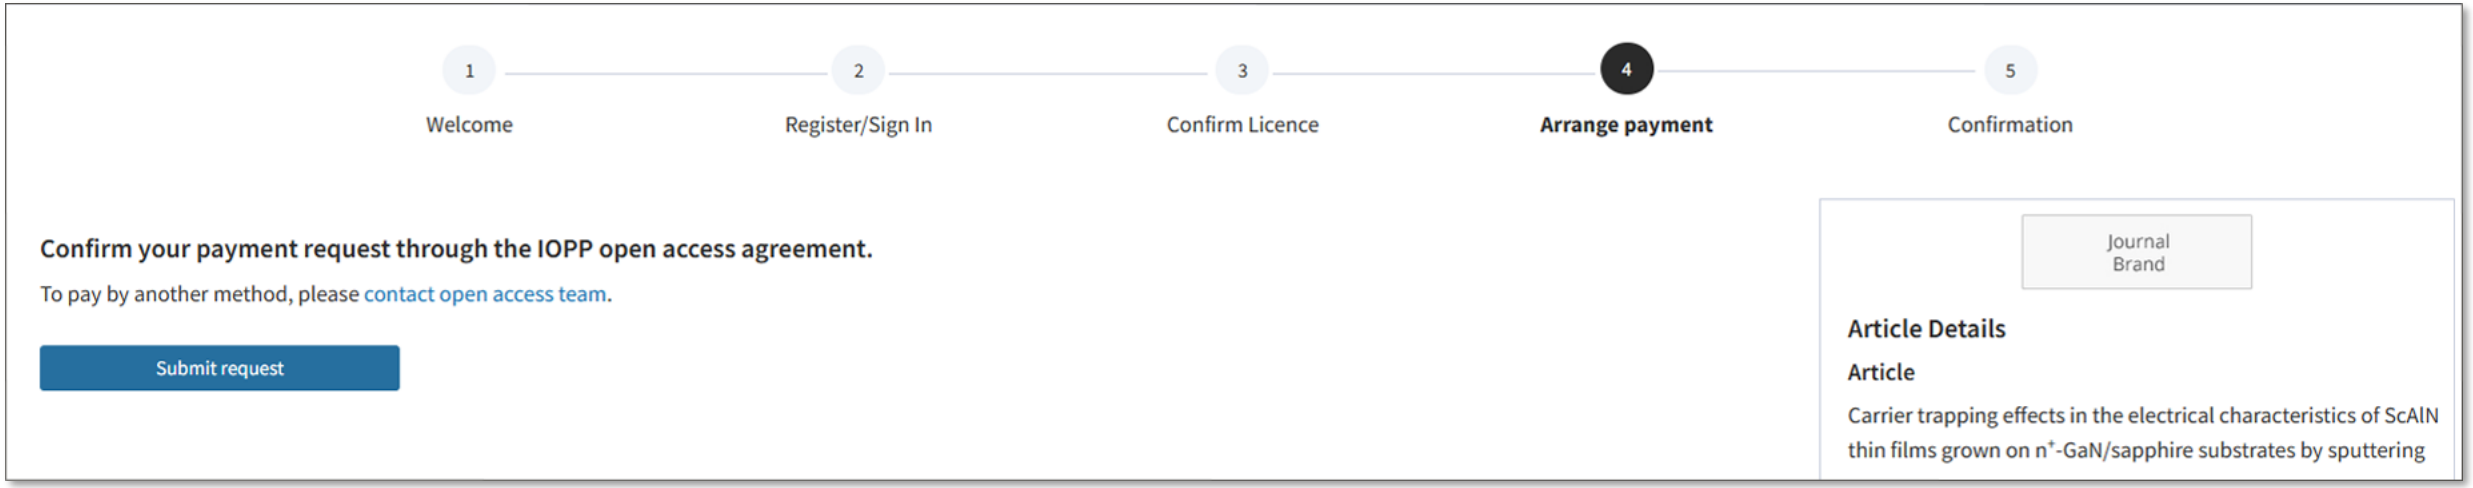

Step 4 – confirm copyright

- After creating an account the author is returned back to SciPris to confirm their license. The only copyright that will appear on this step is the **CC BY license**. It will be pre-selected so they simply click continue to proceed.

IOP Publishing

Step 5 – submit request

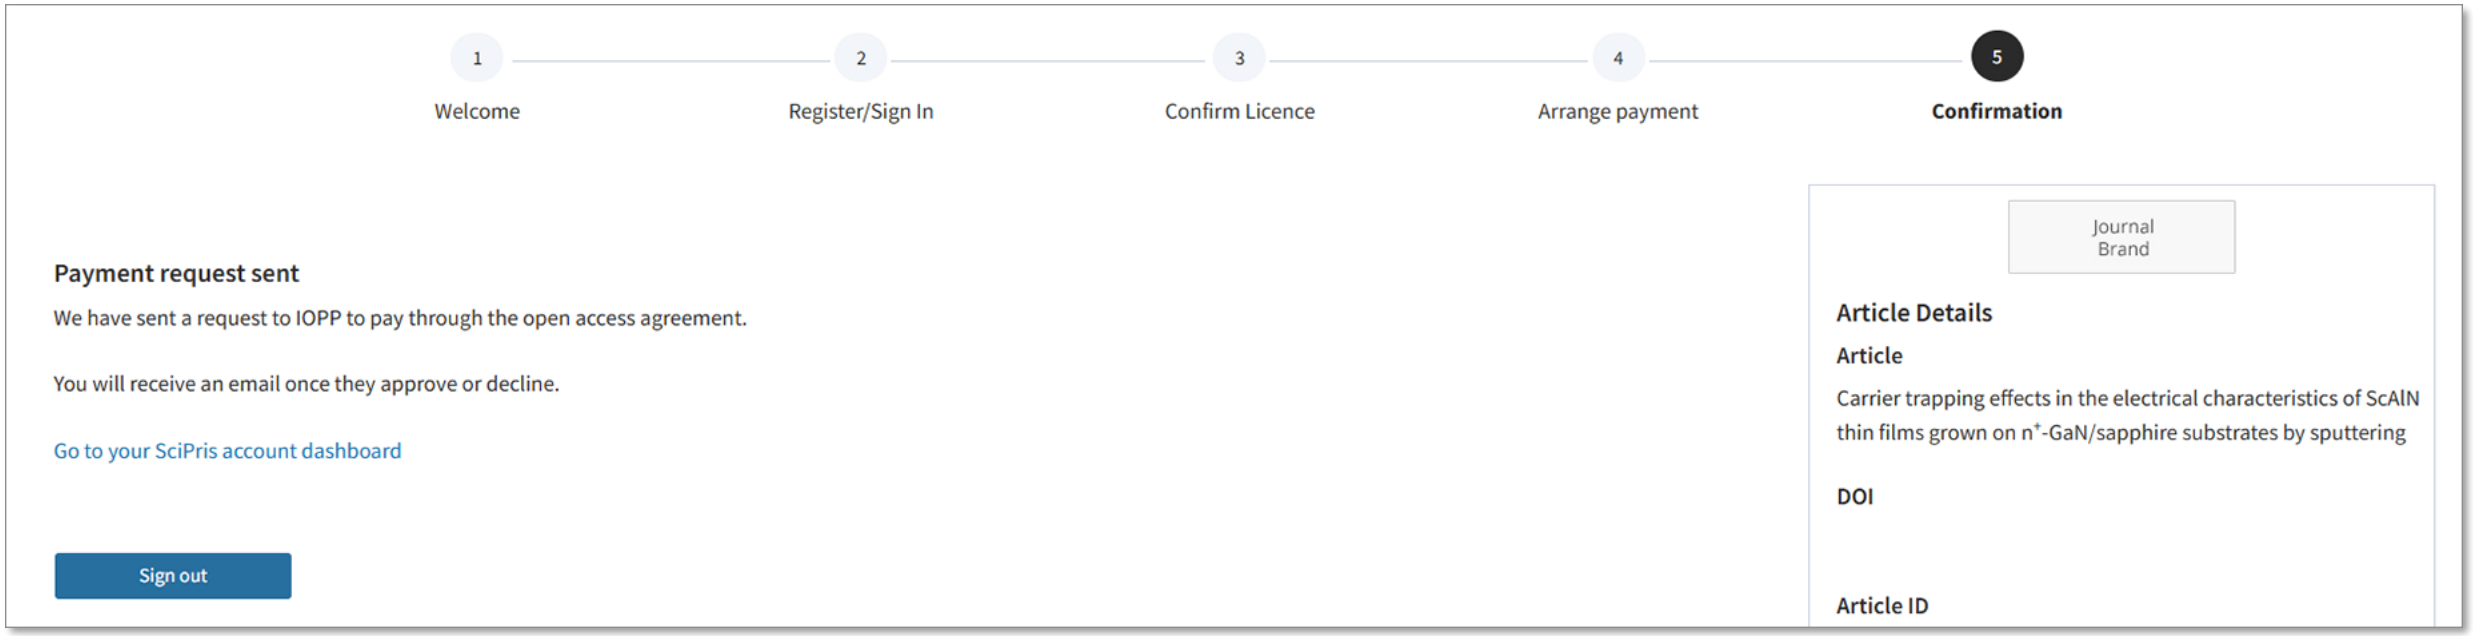

The last step is the author **submitting their request**.

If the institutional agreement is validated, the librarian receives a request to review and approve funding.

If non-validated, funding is automatically approved.

IOP Publishing

Confirmation page

After submitting the request, authors will see this confirmation page stating that the request has been sent and to **look out for an email regarding the result**.

Email confirmation of funding

SciPris

IOP Publishing

Dear Chas Matushevich,

We are pleased to inform you that Flinders University has confirmed that your article will be funded through the open access agreement with IOP Publishing:

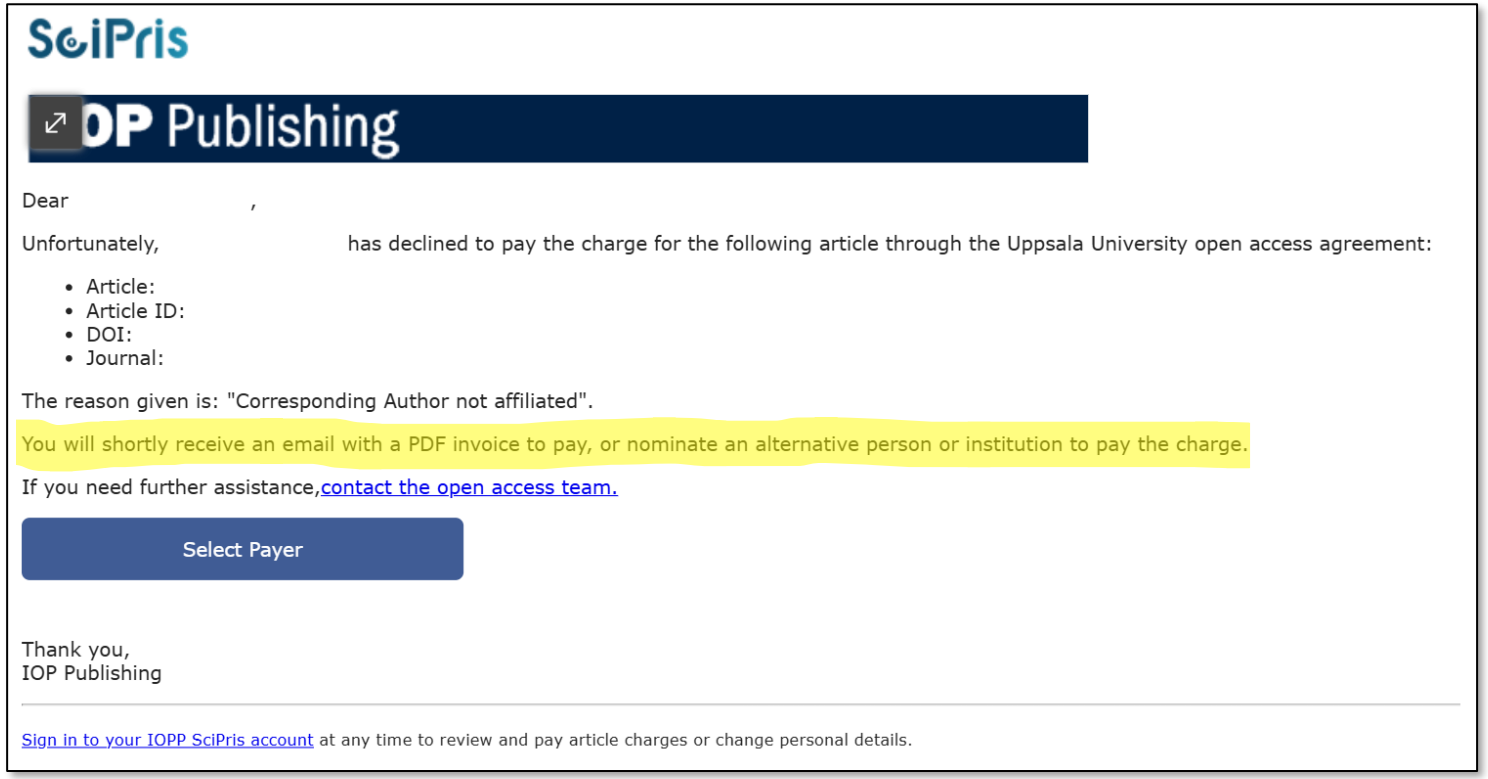

- Article:
- Article ID:
- DOI:
- Journal:

Thank you for publishing your article with IOP Publishing.
IOP Publishing

Sign in to your IOPP SciPris account at any time to review and pay article charges or change personal details.

- When the funding request is approved the author will receive this email confirmation.

Email confirmation of denial

SciPris

OP Publishing

Dear ,

Unfortunately, has declined to pay the charge for the following article through the Uppsala University open access agreement:

- Article:
- Article ID:
- DOI:
- Journal:

The reason given is: "Corresponding Author not affiliated".

You will shortly receive an email with a PDF invoice to pay, or nominate an alternative person or institution to pay the charge.

If you need further assistance,contact the open access team.

Select Payer

Thank you,
IOP Publishing

Sign in to your IOPP SciPris account at any time to review and pay article charges or change personal details.

- When the funding request is declined the author will receive this email confirmation showing the Librarian's reason for declining funding.
